Local Law No. 5 of the year 2006, Site Plan Review.

91-11E.(1)(a)[2] [a]All proposals for development, in other than the Waterfront Preservation District, shall require site plan review for construction of a new building and/or enclosed structure in excess of eighty (80) square feet or for the alteration or reconstruction of an existing building or enclosed structure when such alteration or reconstruction involves in excess of twenty percent (20%) of the Gross Floor Area square footage of the buildings or enclosed structures.

91-11E.(1)(a)[2] [b]Village-wide, including the Waterfront Preservation District, all proposals for clearing or grading activities when more than 2,000 square feet of area or 20% of the lot area is impacted; where the import or export of 100 cubic yards of soil and/or debris results; and where a preexisting drainage condition including the rerouting or blockage of off-site flow through the property is altered.

I have reviewed the scope of the proposed work at the above referenced address and find that the proposed work is \_\_\_\_\_ is not \_\_\_\_\_in excess of the above stated amounts.
