MS4 Municipal Compliance Certification(MCC) Form

MCC form for period ending March 9, 2 0 1 7

Name of MS4 Village of Huntington Bay

SPDES ID
N Y R 2 0 A 2 9 2

Section 2 - Contact Information

Important Instructions - Please Read

Contact information must be provided for each of the following positions as indicated below:

1. Principal Executive Officer, Chief Elected Official or other qualified individual (per GP-0-08-002 Part VI.J).
2. Duly Authorized Representative (Information for this contact must only be submitted if a Duly Authorized Representative is signing this form)
3. The Local Stormwater Public Contact (required per GP-0-08-002 Part VII.A.2.c & Part VIII.A.2.c).
4. The Stormwater Management Program (SWMP) Coordinator (Individual responsible for coordination/implementation of SWMP).
5. Report Preparer (Consultants may provide company name in the space provided).

A separate sheet must be submitted for each position listed above unless more than one position is filled by the same individual. If one individual fills multiple roles, provide the contact information once and check all positions that apply to that individual.

If a new Duly Authorized Representative is signing this report, their contact information must be provided and a signature authorization form, signed by the Principal Executive Officer or Chief Elected Official must be attached.

For each contact, select all that apply:

- Principal Executive Officer/Chief Elected Official
- Duly Authorized Representative
- Local Stormwater Public Contact
- Stormwater Management Program (SWMP) Coordinator
- Report Preparer

MS4 Annual Report Form

This report is being submitted for the reporting period ending March 9,

2	0	1	7
---	---	---	---

If submitting this form as part of a joint report on behalf of a coalition leave SPDES ID blank.

Name of MS4/Coalition

Village of Huntington Bay

SPDES ID

N	Y	R	2	0	2	9	2
---	---	---	---	---	---	---	---

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Schedule the training session for IDDE and Fertilizer control that was not completed in 2016. Monitor label status during the period and replace as necessary. Continue SWMP posting on web site and updated Stormwater basin data.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The training session was scheduled and then delayed as a result of Village Hall renovation. The program will be rescheduled for the 2017/2018 reporting period. The 183 labels installed have been monitored. Less than 2% require reapplication after a year of use. The catch basin inventory map was posted and updated during the reporting period.

C. How many times was this observation measured or evaluated in this reporting period?

		1	2
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?
 Yes No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The deadline set in the SWMP for the IDDE/Fertilizer training session with residents and Road Associations was not achieved due to Village Hall reconstruction/renovation. It will be achieved in this reporting period as the Village Hall project is 95% complete in March 2017. To improve outreach to Village residents the Village will post web invites to a goal summary meeting in Winter 2018.

7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Transcripts of meetings where the Stormwater management program is discussed will be available via the web site. Discussions which occur after the formal meeting has been completed will be summarized by the Village Administrator and posted. The IDDE training and fertilizer training meeting will be held.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The posting on the web site of transcripts was not achieved. Printed transcripts of all meetings are available at Village Hall. The IDDE training was not achieved due to Village Hall renovation delays.

C. How many times was this observation measured or evaluated in this reporting period?

		1	2
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village Administrator will determine if the portion of the transcript regarding the SWMP and Annual Report can be posted on the web site. If it is possible to post a portion of the Hearing/Meeting transcript it will be accomplished in the reporting period. The IDDE/Fertilizer training meeting will be held during the reporting period at Village Hall which is 95% complete in March 2017.

MS4 Annual Report Form

This report is being submitted for the reporting period ending March 9,

2	0	1	7
---	---	---	---

12. Evaluating Progress Toward Measurable Goals MCM 3

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The new building inspector and Highway Trustee will receive IDDE training. The training session will be held in the 2016/2017 period. The Village will reach out to each roadway Association and request that they attend the IDDE training.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Building Inspector completed a 4 hr NYSDEC training for SWPPP which includes IDDE discussion. The detailed training of IDDE which has been contracted with Cornell has been delayed due to the Village Hall Construction. The Building Inspector with the assistance of the Village Engineer inspected a potential IDDE and determined it was not an issue. (groundwater sump pump)

C. How many times was this observation measured or evaluated in this reporting period?

			4
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The training program was not held during the reporting period as a result of Village Hall reconstruction/renovation. The consultant has been contracted for the training session. The Village will schedule during the Summer of 2017.

Minimum Control Measures 4 and 5.
Construction Site and Post-Construction Control

The information in this section is being reported (check one):

- On behalf of an individual MS4
 On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1a. Has each MS4 contributing to this report adopted a law, ordinance or other regulatory mechanism that provides equivalent protection to the NYS SPDES General Permit for Stormwater Discharges from Construction Activities? Yes No

1b. Has each Town, City and/or Village contributing to this report documented that the law is equivalent to a NYSDEC Sample Local Law for Stormwater Management and Erosion and Sediment Control through either an attorney certification or using the NYSDEC Gap Analysis Workbook? Yes No NT

If Yes, Towns, Cities and Villages provide date of equivalent NYS Sample Local Law.

09/2004 03/2006 NT

2. Does your MS4/Coalition have a SWPPP review procedure in place? Yes No

3. How many Construction Stormwater Pollution Prevention Plans (SWPPPs) have been reviewed in this reporting period?

		0
--	--	---

4. Does your MS4/Coalition have a mechanism for receipt and consideration of public comments related to construction SWPPPs? Yes No NT

If Yes, how many public comments were received during this reporting period?

--	--	--

5. Does your MS4/Coalition provide education and training for contractors about the local SWPPP process? Yes No

6. Identify which of the following types of enforcement actions you used during the reporting period for construction activities, indicate the number of actions, or note those for which you do not have authority:

- Notices of Violation #

Minimum Control Measure 4. Construction Site Stormwater Runoff Control

The information in this section is being reported (check one):

- On behalf of an individual MS4
- On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1. How many construction projects have been authorized for disturbances of one acre or more during this reporting period?

		0
--	--	---

 2. How many construction projects disturbing at least one acre were active in your jurisdiction during this reporting period?

		0
--	--	---

 3. What percent of active construction sites were inspected during this reporting period? NT

1	0	0
---	---	---

 %

 4. What percent of active construction sites were inspected more than once? NT

		0
--	--	---

 %

 5. Do all inspectors working on behalf of the MS4s contributing to this report use the NYS Construction Stormwater Inspection Manual? Yes No NT

 6. Does your MS4/Coalition provide public access to Stormwater Pollution Prevention Plans (SWPPPs) of construction projects that are subject to MS4 review and approval? Yes No NT
- If your MS4 is Non-Traditional, are SWPPPs of construction projects made available for public review? Yes No

If Yes, use the following page to identify location(s) where SWPPPs can be accessed.

MS4 Annual Report Form

This report is being submitted for the reporting period ending March 9,

2	0	1	7
---	---	---	---

If submitting this form as part of a joint report on behalf of a coalition leave SPDES ID blank.

Name of MS4/Coalition

Village of Huntington Bay

SPDES ID

N	Y	R	2	0	A	2	9	2
---	---	---	---	---	---	---	---	---

7. Evaluating Progress Toward Measurable Goals MCM 4

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The new building inspector will receive 4 hour NYSDEC training for inspection. The new inspector will digital photograph the installed erosion control and record results of the inspection prior to site clearing and excavation in the building permit file. The inspector will check erosion control during each site visit and report it in the building permit file record.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The building inspector completed the 4 hour NYSDEC training course. The inspector completed an inspection of all sites to confirm prior to clearing and notes it in his records. The inspector has taken action to correct improper erosion control installation on sites. The Village Engineer inspected erosion control protection in waterfront sites to confirm erosion control and stabilization.

C. How many times was this observation measured or evaluated in this reporting period?

		1	0
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Building Inspector will maintain a summary of completed erosion control inspections for all sites. The inspector will confirm that all required drainage and landscape stabilization has been completed prior to CO. The site plan approval process frequently includes posting of a bond to insure protection of Village and Private roadways. It will become SOP in 2017/2018 to include a provision in the Bond that requires full site stabilization prior to release.

MS4 Annual Report Form

This report is being submitted for the reporting period ending March 9,

2	0	1	7
---	---	---	---

If submitting this form as part of a joint report on behalf of a coalition leave SPDES ID blank.

Name of MS4/Coalition

Village of Huntington Bay

SPDES ID

N	Y	R	2	0	A	2	9	2
---	---	---	---	---	---	---	---	---

4a. Are the MS4s contributing to this report involved in a regional/watershed wide planning effort?
 Yes No

4b. Does the MS4 have a banking and credit system for stormwater management practices?
 Yes No

4c. Do the SWMP Plans for each MS4 contributing to this report include a protocol for evaluation and approval of banking and credit of alternative siting of a stormwater management practice?
 Yes No

4d. How many stormwater management practices have been implemented as part of this system in this reporting period?

		0
--	--	---

5. What percent of municipal officials/MS4 staff responsible for program implementation attended training on Low Impace Development (LID), Better Site Design (BSD) and other Green Infrastructure principles in this reporting period?

		0

6. Evaluating Progress Toward Measurable Goals MCM 5

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The new building inspector will receive 4 hour training and will confirm proper installation of all required leaching pools via excavation inspection and photographic record. Applicants will be required to include a site plan note "the Building Inspector and/or Engineer will be contacted 24 hours prior to the excavation/installation of Stormwater leaching basins. All Stormwater leaching basins require inspection prior to CO."

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The building inspector completed the 4 hour training class. All sites are inspected for erosion control regardless of the fact that there are no projects in excess of 1 acre in the Village. All projects are required to install 6 inch runoff leaching systems for new impervious coverage. The Inspection note has been added to site plans as a condition of approval. The Building Inspector confirms that all required drainage has been installed.

C. How many times was this observation measured or evaluated in this reporting period?

		1	2
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?
 Yes No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will create a data base of inspections for all projects. The Village Building Inspector will require that an as built survey be prepared of all projects prior to CO. The survey shall provide locations of all installed leaching systems, pipes, impervious coverage and structures.

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one):

- On behalf of an individual MS4
- On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

<u>Operation/Activity/Facility</u>	<u>Addressed in SWMP?</u>		<u>Self-Assessment Operation/Activity/Facility performed within the past 3 years?</u>

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

During the 2016 reporting period the new label system will be monitored to determine if the labels are properly adhered. The contractor will not be paid without proper documentation of cleaning vs. ID#. The Village will maintain a spreadsheet of inspection and cleaning of the 131 basins. Associations will receive an inventory list of basins within their ROWs which will be maintained by the Village.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The label system appears to be functional with <2% of the labels requiring reapplication the first year. The Village inspected 100% of the catch basins and directed the contractor to clean 81. The reference numbers for each basin requiring cleaning was provided to the contractor. The contractor submitted a list of basins cleaned and reported a total disposal of 67 cubic yards of material which was transported to a NYSDEC lic. facility.

C. How many times was this observation measured or evaluated in this reporting period?

		8	1
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?
 Yes No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will start a program which monitors the collection system locations after a significant rainfall event 2 inches 24 hours. If surface ponding of inlets is evident after the storm event the connected leaching basins will be inspected and evaluated for cleaning. The contractor will completely fill out the reporting sheet providing the estimated material removed from each basin. During the 2016/2017 reporting period only the total disposal information was available.
